بِسْمِ ٱللَّهِ ٱلرَّحْمَٰنِ ٱلرَّحِيمِ

Surely all praise is due to Allaah, we praise Him, we seek His help, we seek His forgiveness, and we seek refuge with Allaah from the evil of ourselves, and from the consequences of our actions.

Whoever Allaah guides then none can misguide and whoever He misguides then none can guide.

And I bear witness that there is no god worthy of worship (in truth) except Allaah – alone without any partners-, and I bear witness that Muhammad is His slave and messenger.

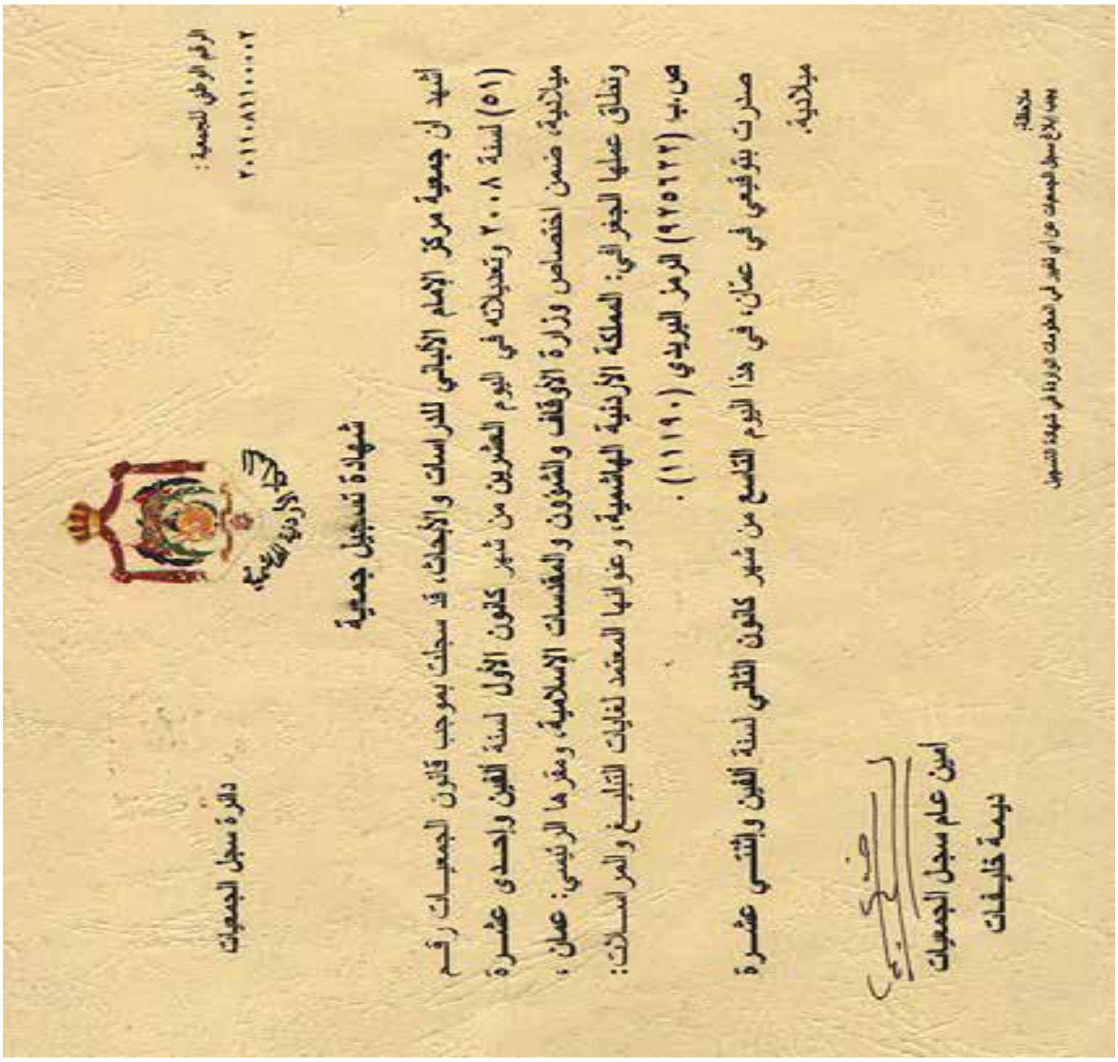

"O you who believe! Have Taqwa of Allaah as is His due, and die not except as (true) Muslims" Q3: 102 "O mankind! Be dutiful to your Lord, Who created you from a single person (Aadam), and from him, He created his wife [Hawaa' (Eve)], and from them both He created many men and women, and fear Allaah through Whom you demand your mutual (rights), and (do not cut the relations of) the wombs (kinship) . Surely, Allaah is Ever an All-Watcher over you" Q4: 1 "O you who believe! Have Taqwa of Allaah, and speak (always) the truth" "He will direct you to do righteous good deeds and will forgive you your sins. And whosoever obeys Allaah and His Messenger has indeed achieved a great achievement (i.e. he will be saved from the Hell-fire and made to enter Paradise)" Q33: 70&71

As to what follows … Indeed citadels of Islaamic knowledge, cradles of the rabbaani da'wah and religious upbringing are the porous borders of Islaam in contemporary times. It behooves the passionate Muslim that he protects them, so Islaam is not attacked through him. And surely the upholders of these citadels are from the saved and supported sect, and from the blessed group that are dispersed to seek understanding of the deen and then warn their people.

Al-Imaam Al-Albaani Center Society for Studies and Research is a scholastic citadel and a da'wah and religious training platform for Ahl As-Sunnah wa Jama'ah, At-Taa'ifat An-Naajiyah Al-Mansoorah in the Hashemite Kingdom of Jordan in the blessed lands of Ash-Shaam. It spreads Islaam in its pure form, in its comprehensiveness and completeness, its moderateness and balance, far from sectarianism, bias, partisanship, extremism and over exaggeration.

Presented in front of you is a brief description of this noble society, **and an elucidation of its plan which it intends to implement by Allaah's permission**.

These sites represent the society, and speaks with its name as an independent figure, not under the followership of any party or personality. Our brothers in Allaah! There is no doubt that this citadel of Islaamic knowledge, cradle of da'wah and religious upbringing; is a multi-faceted benefit that covers the whole Islaamic Ummah. It secures it's 'aqeedah and akhlaaq, and it guards it from plots of foreign conspiracies, which spreads weakness in Islaam, and creates discord amongst its people. That being the case, then its maintenance financially and morally can be considered as a means of worship and obedience; since it preserves tawheed and sunnah, and clarifies the methodology of the pious predecessors.
